Mr Hothi-

On March 21<sup>st</sup>, I sent you a letter requesting your clarification regarding EPA's access to the former Kaiser Aluminum property at 2111 East Hawthorne Road, Mead, WA 99218. The purpose of the letter, which I have attached to this email, was to clarify whether you were denying your consent for EPA to access the site. During the phone conversation I had with you on February 22<sup>nd</sup>, you stated that you were now denying site access to EPA, after granting our agency access with a signed access agreement on October 2, 2018.

I would like to confirm that you have received the letter and to set up a time to discuss this issue with you, so we can work cooperatively to begin better characterizing environmental concerns at the property. If you could please let me know of day and time you are available at your earliest convenience I would greatly appreciate it.

Respectfully,

Brooks Stanfield
